Important trade shows in China and Asia 2018

Who we are:

ORIENT+ is a group of professionals with extensive experience in international business, import/export, interpretation and trip organization in China and Asia. Founded in 2014, originally focusing on Spanish speaking businessmen and women coming to China and Asia, we soon realized that it was not only our multilingual ability that had helped overseas business people work more efficiently with their Chinese partners, but also our local knowledge, on-site experience, cultural awareness and business background, which have played a big part making each of our client's trip successful, which in turn smoothen the communication and work of both parties afterwards.

Therefore, by early 2018, we started a new division targeting to English speaking business people coming to China and Asia.

ORIENT+ believes that business should be carried out with the least intermediaries possible. Therefore we focus on facilitating overseas business people who are starting their business operations with China or Asia. To help them overcome all difficulties in the initial stage, so that once they have acquired the experience needed, they can sail by themselves in this vast market of opportunity called China and Asia.

With **ORIENT+**, start your business in China and Asia has never been easier!
